- Company Name : I2E Consulting Pvt Ltd.
- Role & Responsibilities: Designs UI of webpages in HTML, CSS, Javascript.

### Software Exposure:

- Languages: ASP.NET, C#, C/ C++, Core JAVA, HTML, JavaScript, PHP, CSS, Cloud Computing
- Operating Systems: WINDOWS (XP to WIN10),
- Computer Proficiency: MS Office suite (Word, Excel, PowerPoint)

### Project Details:

- BSc Project:

**Title: Online Gas Cylinder Booking Management System Environment:**

**ASP.net, c# ,HTML ,CSS, Microsoft SQL Server.**

**Description:** It gives every user a simple and secure system by authorizing the user before entering the system. This is helpful to the agency to get all the desired data through so many simple steps without going through manual records. The system will display the user the number of the gas they booked online with a detailed description as there should be a limited time after which new gas can be booked.

## ○ MCA Project:

### **Title: Online Restaurant Management System Environment:**

PHP, JavaScript, and CSS.

**Description:** Restaurant Booking System is a convenient self-service table booking system that can be embedded on any website. With the restaurant reservation system, you can customize the booking process, enable people to book a table through your site, manage restaurant availability, and reservations

---

## **STRENGTHS:**

- Strong Interpersonal and Communication skills
  - Ability to work in a team with diverse backgrounds.
  - Strong commitment to quality
  - Determination, dedication, and discipline
  - Willing to learn and adapt to new opportunities and challenges
-
